Data contained within the below summary represents aggregated, statewide first-quarter data reported by credit access businesses (CABs) as of 9/19/2016. The OCCC will request verification from the licensee of any data that is found to be questionable or unreasonable.

- single and installment auto title loans.

### Data Limitations

Data provided by reporting CABs reflects location-specific activity for the identified quarter. Each licensed location is treated as an individual reporting unit. If data was compiled from individual customers, it could produce different results.

The data presented in the following summary represents CAB submissions via electronic and manual reporting, including any corrected data, of first-quarter activity as of September 19, 2016. Amended or corrected reports will be included in later publications as appropriate.
