Data contained within the below summary represents aggregated, statewide third-quarter data reported by credit access businesses (CABs) as of 3/31/2025. The OCCC will request verification from the licensee of any data that is found to be questionable or unreasonable.

Section 393.627 of the Texas Finance Code requires CABs to file quarterly reports with the OCCC identifying loan activity associated with

- single and installment deferred presentment (payday) loans, and
- single and installment auto title loans.

Data Limitations

Data provided by reporting CABs reflects location-specific activity for the identified quarter. Each licensed location is treated as an individual reporting unit. If data was compiled from individual customers, it could produce different results.

The data presented in the following summary represents CAB submissions via electronic and manual reporting, including any corrected data, of third-quarter activity as of March 31, 2025. Amended or corrected reports will be included in later publications as appropriate.

¹ ltem Numbers 1-9 capture activity related to only extensions originated in the reporting quarter while Item Number 10 relates to all CAB activity in the quarter.

² Weighted average based on number of extensions obtained in the quarter for each location. Total average loan amount for industry found by summing all locations' proportionally weighted average loan amount.

³ Based on companies reporting refinances during the quarter

⁴ Mean is represented as the average number of refinances per consumer who does refinance (Item #3 / Item #4)

⁵ The median of all reported medians from companies that had refinancing activity

⁶ The mode of all reported modes from companies that had refinancing activity

⁷ Percentage of companies reporting the CAB fee for the range shown excluding companies that reported no activity

Percentage of companies reporting the CAB fee for the range shown excluding companies that reported no activity

8 Weighted average based on number of CAB contracts entered into during the quarter. Total average cab fee for industry found by summing all locations' proportionally weighted average cab fee amount. Represented as \$ per \$100 borrowed regardless of term.

Average CAB Fee = Individual Location Item #10B × (

Individual Location Item #10F)

9 Weighted average based on number of CAB contracts entered into during the quarter. Total average original term for industry found by summing all locations'

proportionally weighted average original term.
